Dear BCLFSC Families:

Welcome to another year of skating! As an organized club, we serve as a “purchasing agent” to buy ice time from the City of Edina. We subdivide our ice hours into sessions, which our skaters use for training. Needless to say, our quantity purchases (and subsequent resale to you) make this sport more affordable.

The FALL session will run Tuesday, September 7 – Saturday, October 21, 2017

- Each skating member of our club is required to purchase **two** ice sessions per week.
- We will continue to have the **ice exchange policy**.
Ice can be exchanged 7 days before or 7 days after the missed ice session.
- Exchanges into sessions by BCLFSC members have priority over buy-ons for non-BCLFSC members.
- The contract rate for 50 minute session with ice makes is \$12 per session.
- The contract rate for 45 minute session with no ice make is \$11.
- The contract rate for the Saturday morning Low Test Workout is \$15 with a \$20 buy-on option
- The contract rate for ice is \$10 per session when 5 or more sessions are contracting (excluding the Low Workout)
- The buy-on rate is \$14 per session for those contracting 2 – 4 sessions.
- The buy-on rate is \$12 per session for those *skater families* who contract **five** or more sessions per week.
- Contract and buy-on rates are subject to change based on approval by the BCLFSC Board of Directors.
- Reminder: All home club member families, AND ALL who contract for ice are required to Ice Monitor required 3 times per in Fall (September, October, November), Winter (December, January, February) Spring (March, April, May) and Summer (June, July, August) for the 2017/18 membership year

ADDITIONAL INFORMATION

1. Ice sessions are permanently assigned for the season on the basis of seniority in the Club. Seniority is based on:
 - a) BCLFSC Home Club Membership; b) date of becoming a BCLFSC Home Club Member; c) test level; and d) date of attaining that test level. This priority applies to contracts beginning August 25, 2017. Any permanent ice added or begun after August 25, 2017 will be on an “as available” basis.
2. Only 22 skaters can be assigned to each session.

Skaters must pay for all previously registered ice. The only exception is in case of injury or long-term illness, for which a letter of explanation from the skater's physician is required within 10 days of illness or injury (per Club policy).

Sessions marked >=JF are reserved for skaters who have passed the USFS Juvenile free skate test
 Sessions marked >=PJF are reserved for skaters who have passed the Pre-Juvenile free skate test.
 Sessions marked >=PF are reserved for skaters who have passed the Preliminary free skate test.
 Sessions marked >=NM are reserved for skaters who have passed the Novice moves test.
 Sessions marked >=IM are reserved for skaters who have passed the Intermediate moves test.
 Sessions marked >=JM are reserved for skaters who have passed the Juvenile moves test.
 Sessions marked >=PJM are reserved for skaters who have passed the Juvenile moves test.
 Sessions marked >=PPF are reserved for skaters who have passed the Pre-Preliminary free skate test.
 Sessions marked >=PPM are reserved for skaters who have passed the Pre-Preliminary moves test.

3. Ice may also be purchased on a session-by-session basis (buy-on), if available, from the stand-by list. The price is \$14 for members. Skaters contracted for 5 or more sessions will be able to buy on at the contract rate of \$12 per session. The price for the power class is \$15. Buy on for Low Workout is \$20. Skaters contracted for 5 or more sessions have a discount of \$2 per contracted session (Low Workout is not discounted).
4. The Club reserves the right to re-designate or cancel any session for which there are insufficient contracts. The Club also reserves the right to change contract dates based on ice availability. Skaters will be notified of time changes and cancellations on a monthly basis through the Club calendar or through an email blast or through signs at the arena.
